11. Please give a brief discourse on why you are qualified for this position.

After having served many years on the Reno City Council I feel that I am uniquely qualified. I have seen how the Arts & Culture Commission must work with the public, the City Council and within a budget. I understand the intricacies of what actually can be placed in public by a government body. I have also been connected to the Burning Man Project, mostly as a volunteer, since 1996. I have helped Burning Man see Reno as a place for Art not just a place to pass through on the way to their festival.

12. Please upload your resume below.
